

Annex 1 – Open letter consultation on the Incentive of Connections Engagement

- 1.1. We would like to hear the views of interested parties in relation to any of the issues set out in our open consultation letter.
- 1.2. We would especially welcome responses to the specific questions which we have set out in our consultation and are replicated below.
- 1.3. If you have any questions on this document please contact:

James Veaney
Head of Connections and Constraint Management
Ofgem, 9 Millbank, London, SW1P 3GE
020 7901 1861
Connections@Ofgem.gov.uk
- 1.4. **Responses should be sent, preferably by e-mail by 17 August 2016 to the address above.**
- 1.5. Unless marked confidential, all responses will be published by placing them in Ofgem's library and on its website www.ofgem.gov.uk. Respondents may request that their response is kept confidential. Ofgem shall respect this request, subject to any obligations to disclose information, for example, under the Freedom of Information Act 2000 or the Environmental Information Regulations 2004.
- 1.6. Respondents who wish to have their responses kept confidential should clearly mark the document/s to that effect and include the reasons for confidentiality. Respondents are asked to put any confidential material in the appendices to their responses.
- 1.7. Next steps: We will consider the responses to this consultation and these will be used alongside other evidence for our assessment of the ICE plans.
- 1.8. Each of the questions asked by this consultation is set out in the template below.
- 1.9. Please ensure that you **indicate the DNO or specific licence area** to which your experiences relate.
- 1.10. When considering your responses to these questions, please consider your experiences, the actions that the DNO has undertaken or committed to undertake, and the actions that you consider it could reasonably undertake.

Response template – Incentive on Connections Engagement July 2016

Question	Response																								
About you and your work																									
1. What is the name of your company?	Hannan Associates																								
2. Which DNO's ICE submission is your response related to (see Annex 2 for DNO map)? Please indicate clearly in your response to the questions below whether your comments refer to the DNO's plans as a whole, or to one of the DNO's licence areas. If you wish to provide a response to the ICE submission of more than one DNO, please use a separate template for each DNO.	SP Energy Networks - South (North West)																								
3. What type of connection do you generally require? And for each type of connection, how many connection applications, including total MVA (Mega Volt Ampere) of connections have you made in the past year?	<table border="1"> <thead> <tr> <th>Type of connection</th><th>Total number of connections</th><th>Total MVA of connections</th></tr> </thead> <tbody> <tr> <td rowspan="4">Metered Demand Connections</td><td>Low Voltage (LV) Work</td><td>3 no.</td></tr> <tr> <td>High Voltage (HV) Work</td><td>7 no.</td></tr> <tr> <td>HV and Extra High Voltage (EHV) Work</td><td></td></tr> <tr> <td>EHV work and above</td><td></td></tr> <tr> <td rowspan="2">Metered Distributed Generation (DG)</td><td>LV work</td><td></td></tr> <tr> <td>HV and EHV work</td><td></td></tr> <tr> <td rowspan="3">Unmetered Connections</td><td>Local Authority (LA) work</td><td></td></tr> <tr> <td>Private finance initiatives (PFI) Work</td><td></td></tr> <tr> <td>Other work</td><td></td></tr> </tbody> </table>	Type of connection	Total number of connections	Total MVA of connections	Metered Demand Connections	Low Voltage (LV) Work	3 no.	High Voltage (HV) Work	7 no.	HV and Extra High Voltage (EHV) Work		EHV work and above		Metered Distributed Generation (DG)	LV work		HV and EHV work		Unmetered Connections	Local Authority (LA) work		Private finance initiatives (PFI) Work		Other work	
Type of connection	Total number of connections	Total MVA of connections																							
Metered Demand Connections	Low Voltage (LV) Work	3 no.																							
	High Voltage (HV) Work	7 no.																							
	HV and Extra High Voltage (EHV) Work																								
	EHV work and above																								
Metered Distributed Generation (DG)	LV work																								
	HV and EHV work																								
Unmetered Connections	Local Authority (LA) work																								
	Private finance initiatives (PFI) Work																								
	Other work																								
Consultation questions																									

Section 1: Looking Back report 2015-16

We want your views on how well the DNOs have performed over the last year

1. Are you satisfied that the licensee had a comprehensive and robust strategy for engaging with connections stakeholders? Do you consider that the licensee implemented its strategy? If not, are you satisfied that the licensee has provided reasonable and well justified reasons?	<p>Yes</p> <p>We dealt with a small number of key account individuals who were keen to understand our short and long term requirements and discuss options for delivery.</p>
2. Are you satisfied that the licensee had a comprehensive work plan of activities (with associated delivery dates) to meet the requirements of its connections stakeholders? Do you consider that the licensee delivered its work plan? If not, are you satisfied that the licensee has provided reasonable and well justified reasons?	<p>Yes</p> <p>Our interest was centred mainly around achieving supply ON dates to suit construction programmes. These were discussed and agreed at the outset.</p> <p>Key issues which could affect these dates were monitored pre and post order and any potential threats were highlighted early to ensure successful delivery.</p>
3. Do you consider that the licensee's work plan provided relevant outputs (eg key performance indicators, targets etc.)? Are you satisfied that the licensee has delivered these outputs? If not, do you view the reasons provided to be reasonable and well justified?	<p>Yes</p> <p>To date 2no. primary substations and 6no. HV connections with support LV have been delivered on time.</p> <p>We did experience some problems on a recent LV connection but this was related to a restructuring of the organisation.</p>
4. Do you agree that the licensee's strategy, activities and outputs have taken into account ongoing feedback from a broad and inclusive range of connections stakeholders? If not, has the DNO provided reasonable justification?	<p>Our key account contacts have been keen to discuss issues and look for ways of meeting our needs within the regulated structure.</p>

Section 2: Looking Forward plans 2016-17

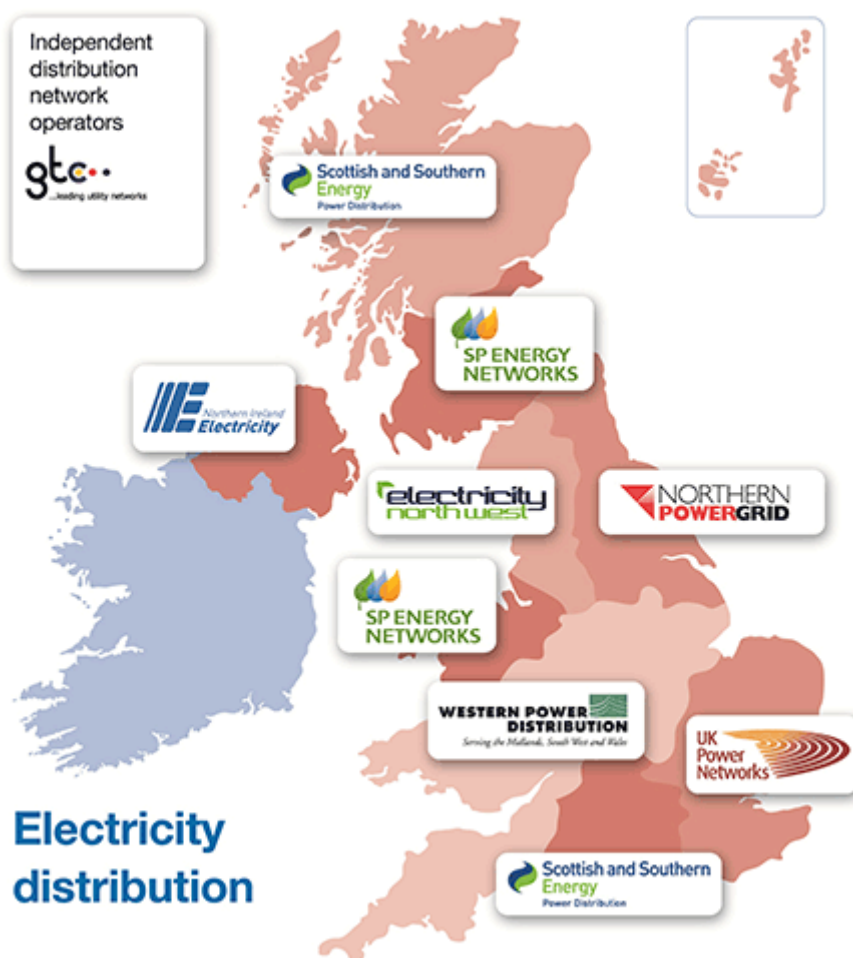

We want your views on what the DNOs aim to achieve in the coming year

5. Are you satisfied that the licensee has a	From our viewpoint as a customer we are happy with the account
--	--

comprehensive and robust strategy for engaging with connection stakeholders and facilitating joint discussions where appropriate?	engagement arrangements currently in place to deal with forthcoming project delivery. I cannot comment on the corporate strategy
6. Do you agree that the licensee has a comprehensive work plan of activities (with associated delivery dates) that will meet the requirements of its connection stakeholders? If not, has the licensee provided reasonable and well-justified reasons? What other activities should the DNOs do?	No comment
7. Do you consider that the licensee has set relevant outputs that it will deliver during the regulatory year (eg key performance indicators, targets, etc.)?	No comment
8. Would you agree that the licensee's proposed strategy, activities and outputs have been informed and endorsed by a broad and inclusive range of connection stakeholders? If they have not been endorsed, has the licensee provided robust evidence that it has pursued this?	No comment
We also want your views on how DNO plans will address issues for new connections in constrained areas	
9. Where flexible connection offers are available, do you consider that the DNO's work plan for 2016-17 sufficiently addresses concerns about the uncertainty of curtailment levels? For example, do their plans ensure that stakeholders have access to the data they require for an investment decision?	No comment
10. Where consortium connections are available, do you consider that the DNO's work plan for 2016-17 reflect requirements for clear and detailed	No comment

information about where, how and under what conditions such projects can proceed?	
11. Where consortium connections are available, do you consider that the DNO's work plan for 2016-17 reflect requirements for clear and detailed information about where, how and under what conditions such projects can proceed?	No comment
12. Do you consider that the DNO's work plans include appropriate engagement to ensure that network investment plans are well communicated to stakeholders, including when new capacity will become available?	From our viewpoint as a customer SP have been willing to engage in discussions on potential demand and availability. I cannot comment on the corporate strategy
13. Do you consider that the DNOs' plans include appropriate activities to improve, where necessary, the provision of information on constrained areas of the network to provide better data about where connections may be viable?	No comment
14. Are there particular additional activities or outputs which you consider should be included in the work plan of activities to better facilitate grid connections?	No comment
